

Requirements for the competition venues of the X International Abilympics

1. Availability of barrier-free environment at the X International Abilympics venue, including: at venues for competitions and ceremonies; at catering; at sanitary facilities.

2. Transportation for contestants, accompanying persons, international judges and members of delegations with the provision of special transport if necessary (place of arrival (train station, airport) – places of residence – competition venue – places of residence – place of departure (train station, airport)).

3. Medical facilities provision.

4. Creation of maintenance points for assistive devices and auxiliary mechanisms e.g., wheelchairs, prostheses.

5. Establishment of comfortable conditions at competition venues in order to: maintain a suitable room temperature and humidity; prevent excessive noise; secure enough working space; keep the competition area separated from spectators.

6. Amendment of facilities/equipment: adjustment of the workplace according to the contestant's height, additional lighting for visually impaired contestants (upon prior request of contestants).

7. Approval of the operating procedures of personal equipment, tools, materials by contestants at competition venues.

The list of requirements to the contest categories of the X International Abilympics
